Nubis IceBath

Professional portable cryotherapy

The ice bath with double insulating walls, for athletes, clubs, physiotherapists and homes. It sets up in minutes and keeps the water cold for days.

Supplied by Sausport
Sausport is the official Nubis distributor.

sausport

Professional cryotherapy, wherever needed

Nubis IceBath brings cryotherapy to athletes, individuals and sports clubs wherever they are, with the convenience of a fixed unit in a format that is easy to take on the road.

Superior insulation, water filtration and the energy-efficient Nubis Chiller keep the bath cold, clean and ready to use for days, with little maintenance.

It fits into physiotherapy and the treatment of acute and chronic musculoskeletal injuries, and is used by top athletes, clubs and therapists in Europe, the USA and beyond.

Nubis IceBath

Portable cryotherapy with double insulating walls

The world's first ice bath with double thermal insulating walls, designed for professionals. It brings cryotherapy to athletes, individuals and sports clubs wherever it is needed, with the convenience of a fixed unit in a format that is easy to take on the road.

Premium materials that are pleasant to the touch, and a tough inflatable tub that folds away into the included bag. The double wall and thermal lid keep the temperature stable even when it is not in use.

Supplied by Sausport
Sausport is the official Nubis distributor.

40%

Less water heat loss in the sun, thanks to the double insulating wall.

Bath with lid

Foot pump

Carry bag

Advantages

Advanced insulation
Double-layer walls cut water heat loss in the sun by up to 40%.

Removable thermal lid
Insulating lid with a zip, quick to put on and take off.

Extremely portable
Folds away into the included bag. Inflates in 10 seconds.

Cushioned floor
More comfort during immersion.

Fully customisable
Logo and colour printing all around the outer panel.

Fast cooling
With the Nubis Chiller, water goes from 23 °C to 5 °C in under 3.5 hours.

Nubis Chiller

Water at +3 °C, always ready to use

Efficient and with built-in wheels, the Nubis Chiller keeps the IceBath cold, clean and ready to use for days when it is idle. It cools the water down to +3 °C and the built-in filter traps small particles. Simple plug-and-play installation, with remote temperature control from the app, automatic safety shut-off and industrial-grade components.

3,5 h

To cool 230 l of water from 23 °C to 5 °C.

Specifications

Min. temperature	+3 °C
Heating	Up to +42 °C
Cooling capacity	2450 W
Cooling	From 23 °C to 5 °C in 3.5 h or less (230 l)
Max. consumption	1060 W
Weight	35 kg, with built-in wheels

Features

- Easy-to-remove cartridge filter
- Built-in high-efficiency ozonator
- Anti-freeze system
- Android and iPhone app, Wi-Fi control
- Automatic temperature control
- Automatic safety shut-off

Your brand on the bath

Add your logo or create your own design, with colour printing all around the outer panels. Custom Nubis towels and other accessories complete a service that carries the identity of your club, clinic or brand, anywhere.
